

Memorandum

Date: March 8, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 8(F)(1)

Subject: Recommendation for Approval of a Designated Purchase under Contract No. 1070-5/14-5, Automotive and Truck Replacement Parts and Specialized Repair Services

Recommendation

It is recommended that the Board of County Commissioners (Board) approve this request for a designated purchase under *Contract No. 1070-5/14-5, Automotive and Truck Replacement Parts and Specialized Repair Services*, for various County departments. Approval of a designated purchase is being requested, pursuant to Section 2-8.1(b)(3) of the Miami-Dade County Code, to authorize the extension of the current competitive contract term by six (6) months and increase expenditure authority by \$1,788,000 to ensure continuity of services while the competitive selection process for a replacement contract is finalized. In May 2009, this contract was approved by the Board through Resolution No. R-504-09 for a one-year term plus five (5) one-year options to renew. The contract is currently in its final option to renew term and is used by multiple County departments to purchase automotive and truck replacement parts (e.g., alternators, batteries, radios, compressors, pumps, belts, chemicals and valves) and specialized repair services (e.g., exhaust, charging, starting and air-conditioning systems, bumper, window tinting, and alarms).

The current term was extended administratively by six (6) months under the County Mayor's delegated authority to afford user departments sufficient time to develop a replacement solicitation. However, it has been determined to be in the County's best interest to consolidate this contract with the replacement solicitation for *Contract No. 5380-6/14-6, Mobile Equipment Manufacturer Replacement Parts and Services*, as the scopes are similar for parts, equipment and services. Consolidation benefits the County by promoting administrative efficiencies (i.e., a single competitively-awarded contract for the purchase of automotive and truck replacement parts) and economies of scale (i.e., aggregating estimated quantities to lower prices).

This item is presented for Board approval as a designated purchase as the Administration has exhausted its authority to extend the contract. Competition is not practicable at this time since the replacement solicitation for *Contract No. 5380-6/14-6*, which will include the product lines and services under this contract, has been advertised and is anticipated to be presented to the Board for approval in early 2016. It is in the best interest of the County to authorize this designated purchase to support ongoing departmental demand for the product lines and services under this contract while the replacement contract awaits award.

Scope

The impact of this item is countywide in nature.

Fiscal Impact/Funding Source

The contract expired on November 30, 2015 and had an allocation of \$10,656,000 for the 18-month term. User departments are currently purchasing required parts and services via small purchase orders while they await approval of this designated purchase. The requested additional allocation of \$1,788,000 is based on anticipated usage during the six-month extension period and results in a total modified contract allocation of \$12,444,000.
